

G SERIES | WIRELESS | HEAVY DUTY COLUMN LIFTS

NEPEAN

NLG140 & NLG190

G SERIES

HEAVY DUTY MOBILE COLUMN

The Nepean G Series Wireless Lift System enhances shop safety, productivity, and flexibility. It can lift various vehicles, enabling technicians to perform tasks from preventative maintenance to major repairs safely and efficiently.

- 14,000 lbs or 19,000 lbs. per column capacity
- Heavy Duty to Light Duty vehicles
- Touch screen control system
- Tire gripping carriage
- Visible mechanical down stops
- Wireless System
- Auto-return in single and paired modes

6317 McCoy Rd, Suite 100 Orlando, FL 32822 | 800-837-5145 | NEPEANUSA.COM

G SERIES | WIRELESS | HEAVY DUTY COLUMN LIFTS

TECHNICAL DATA

Capacity per unit	14,000 /19,000 lbs.
Minimum wheel diameter	5"
Maximum wheel diameter	24.5"
Maximum lift height	69.0"
Lift Speed	60" per min (varies w/load)
Descent Speed	110" per min (varies w/load)
Weight per column	1,510 lbs.
Overall Height	88.5"
Overall Height (full lift)	157-1/8"
Overall Width	44.250"
Overall Length	53-5/8"
Turning Radius	47"
Power source	24 volt DC elec/hyd
Charger Input Voltage Req.	115 volts/60 Hz AC
Charger Input Amperage Req.	5.0 amps

NLG140 & NLG190
